Sub: **Minutes of the meeting between the representatives of Government of Uttaranchal and M/s Raytheon Aircraft Company at Embassy of India, Washington DC**

Negotiations were held at the Embassy of India, Washington DC on August 31, 2005 regarding the purchase of King Air B 200 Aircraft for the Government of Uttaranchal from M/s Raytheon Aircraft Company, Wichita, Kansas, US between the three member official delegation of Uttaranchal led by Principal Secretary Finance and Representatives of M/s Raytheon Aircraft Company, US and INDAMER company, Mumbai in the presence of Embassy officials. The list of participants is enclosed at **Annexure I**.

2. The delegation from Government of Uttaranchal had visited the manufacturing facility of M/s Raytheon Air Craft Company, Wichita, Kansas and had seen the production facilities etc from August 27-29, 2005. The delegation also attended the presentation given by company representatives giving an overview of the company and product profile and operational details of King Air B 200 aircraft. The delegation also had an opportunity to physically see a King Air B 200 Aircraft at an intermediate stage of production.

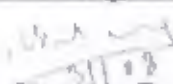

3. During the negotiations, the Uttaranchal delegation was informed that the base price for the Standard Beech King Air B 200 Proline 21 Equipped aircraft is US\$ 4, 989,500 only, which is the price fixed for the delivery in the year 2005. However, the base price for delivery in the year 2006 is likely to increase by about US\$ 149,685. A list of prices of optional equipment, offline modifications, ferry cost and ferry insurance etc was provided, which is attached at **Annexure II**.

4. The representative of M/s Raytheon Aircraft Company conveyed that it would be possible to deliver the aircraft within the current year at current year prices, if Government of Uttaranchal could confirm the purchase order at an early date. The delegation was also appraised of the facilities etc regarding the after sales service and spare parts in India.

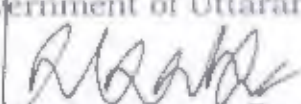

5. It was conveyed by the representatives of M/s Raytheon that as part of the standard purchase agreement, the training costs of two pilots and one engineer in USA (excluding accommodation and transportation) of two pilots and one engineer will be met by the Raytheon company. However, at the instance of the GOU delegation, the company agreed to provide training of one additional pilot (costing US\$ 10,800) and one additional engineer (US\$ 4,879) free of the cost thus making the total of three pilots and two engineers. The delegation also negotiated about the pricing of optional equipment and of the aircraft, wherein the representative of M/s Raytheon agreed to provide a price discount of approximately 2% (US\$ 100,000/- only) plus an additional discount of US\$ 14,995 on the desired optional equipment. The negotiated price list is enclosed at **Annexure III**. It was also informed that no purchaser of single aircraft in India during the last few years has been provided with a higher discount.

6. The delegation from Uttaranchal conveyed that they would communicate to M/s Raytheon regarding the purchase of the aircraft along with a decision on the desired optional equipment at an early date. It was mutually agreed to decide the terms and conditions of payment at the time of finalization of purchase order.
